## Mian Muhammad Abdus Shakoor

### Patron-In-Chief

It gives me immense pleasure to share with you that in 1998 a young lady, who had passed her Intermediate examination, approached me for a teaching job. By the way I asked her why she is not continuing her studies. I was shocked to know that she was orphan and unable to meet both ends. I advised her to come tomorrow with her mother so that we can set up scholarship for her higher studies. Soon after she left, a friend of mine called from USA. I told him about this brilliant girl. He was kind enough to sponsor her education for next two years and same day transferred the funds. It encouraged me and I discussed the idea with my friends, who were running their educational institutions.

It was unanimously decided that we should start such an organization, which will solely be responsible for awarding scholarships to needy but talented students. It was our considered opinion that by doing so it will eliminate the national talent loss. The scheme was initially started from Tehsil Kharian. In the very first year we granted scholarships to 46 talented but neglected girls and boys. Now we have extended our program to whole of Pakistan and currently providing scholarships to 946 boys and girls from Intermediate to Post graduate level including Medical and Engineering students irrespective of caste, creed and color & any political affiliation.

Our focus and emphasis is on Science and professional education. We at Alfalah are giving leg up to ultra-poor segment of society. I am confident that it will make them responsible citizens, reduce violence and hatred in the society. I take this opportunity to invite all Pakistani philanthropists living in or abroad to join hands with us in this noblest act and best charity in Pakistan because "Allah changed not the folk until they (first) change that which is in their hearts" (Al-Quran). It is only possible with the cooperation and support of our Donors and Sponsors to this wonderful cause. May Allah bless all of us.

# Serving With A Mission

Alfalah Scholarship Scheme with the collaboration of its donor organizations as well as individual sponsors has been doing a great task of educating the deserving talented students of marginalized society. We appeal to the well off Pakistani Community withing and outside the country to extend their philanthropic support to this organization in consummation of its sacred mission.

It is important to think little of your donation in order to avoid pride which will make your good deed worthless. Even if you give more in addition to your zakat, it would be better to look instead at the amount of wealth you are withholding, rather than at what you are giving with pride.

We assure you that your donated amount will be expended judiciously and transparently on this project. Annual sponsorship Cost for the students of various classes are given below:
